

FREE 6 MONTH TRIAL OF SECURE REMOTE WORKING SOLUTION TO AID COMPANIES HOMEWORKING DUE TO COVID-19

A safe and secure homeworking solution. Mitel's MiTeam Meetings is perfect for meetings, collaboration and the weekly virtual pub quiz!

Get free collaboration solutions for remote working policies as your organisation finds innovative ways to maintain business continuity. MiTeam Meetings provides the perfect combination for collaboration, video meetings and quick chat messages. Enhance your workplace communications during this challenging time, work more efficiently and experience seamless transitions between voice, video, chat and screen share capabilities. Stay safe. Stay Connected.

WHAT WE'RE OFFERING

- A six-month free trial of MiTeam Meetings*
- Add as many licences as you like after initial deployment free of charge within the timeframe
- Full support during the free trial period
- Rapid implementation
- A solution that's safe and secure, as opposed to others on the market (i.e. Zoom)

**Following the initial six months you'll automatically transition to the subscription licence, unless you select to opt-out at the beginning of your 6-month period.*

MiTEAM

Simpler to use than Zoom with less bells and whistles

6 months free with support included to help you through Covid-19

You don't already need to have a Mitel solution

No app needs installing for external people to join

Safe and secure

Training and rollout strategies to help you implement successfully

vs

VIDEO CONFERENCING

Free Zoom account restricts meetings to 40 minutes

External joiners need to download the apps first, no matter the device

Technical support is limited

Serious concerns over privacy and security

Leaves your business open to Zoom bombing whereby uninvited users join your meetings!

Limited options for training and rollout strategies through your company

KEY BENEFITS OF MiTEAM MEETINGS

- Expand team interactions beyond the physical confines of your organisation to include workers, partners or suppliers and customers from anywhere around the globe
- Unify disconnected communication channels with a single application to simplify collaboration
- Reduce the operational cost incurred from managing multiple communication tools
- Increase the value and productivity of your employees' meetings
