Choice Screening, Inc. Introduces Newest Partner, Greenhouse Software

Choice Screening integrates with the Greenhouse Applicant Tracking System, launching a comprehensive hiring process for employers in one robust platform.

Denver, CO, May 16, 2018 - Choice Screening, Inc., an industry leader in background screening solutions announced their most recent partnership with Greenhouse Software, the fastest-growing enterprise talent acquisition company.

Choice Screening's pre-employment background screening solutions, together with Greenhouse's applicant tracking system unite to create a powerful and impactful partnership aimed at streamlining the hiring process.

Choice Screening empowers our shared clients with the ability to utilize our recruiting software all while effectively administering the hiring process", said Dane Hurtubise, Greenhouse's VP of Platform and Partnerships.

Procedures for the hiring process are complicated enough to navigate without the difficulty of juggling multiple platforms. Timing is a crucial piece of compliance and impacts job offer, background screening, drug testing, adverse action letters, employment start date, E-Verify and Form I-9 and more. Choice Screening offers all-encompassing hiring services already, but with Greenhouse Software, employers now have access to a power house of resources to support them during their strategic decision making.

Choice Screening CEO and Founder, Matthew Mitchell said: "We are proud to be a strategic partner with Greenhouse Software. We know this collaboration will be highly beneficial because of the fully inclusive onboarding process, subsequently freeing up employer's hiring resources and allowing them to allocate their valuable assets elsewhere."

About Choice Screening, Inc.: [Choice Screening, Inc.](http://ChoiceScreening.com) is an industry leading background screening provider of pre-employment background checks, Drug, Alcohol, and Medical Screening, Professional Verifications, Driving Records, Credit Reports, Rental History, as well as many post hire services such as Form I-9 Comply™, Workers Compensation, and Choice ReScreen.
