Choice Screening, Inc. Introduces Most Recent Partner, NEOGOV

Choice Screening is now integrated with NEOGOV's HR Software, creating a fully-inclusive hiring process for the public sector.

Denver, CO, September 11, 2018 - Choice Screening, Inc., an industry leader in background screening solutions revealed their latest partnership with NEOGOV, a fast growing public sector SAAS company.

NEOGOV provides a high quality and easy-to-use talent management system to service the public sector market.

Choice Screening's solutions feature advanced technology, superior service, sustained education, and compliance amenities along with pre-employment background screening and post hire solutions.

Choice Screening's hiring solutions and background screening services, together with NEOGOV's Talent Management Suite will produce a simplified and efficient hiring process.

"We are pleased to offer our government, public sector, and higher education clients an integration with NEOGOV. This strategic partnership will not only streamline hiring processes for our clients, but enrich the overall candidate experience", said Matthew Mitchell, President and CEO of Choice Screening.

Integrating with Choice Screening and NEOGOV will overhaul an employer's human resource functionalities and capabilities including discovering, attracting, and retaining applicants.

About Choice Screening, Inc.: Choice Screening, Inc. is an industry leading background screening provider of pre-employment background checks, Drug, Alcohol, and Medical Screening, Professional Verifications, Driving Records, Credit Reports, Rental History, as well as many post hire services such as Form I-9 Comply™, Workers Compensation, and Choice ReScreen. Choice Screening prides itself on client education and providing an accurate scope of this highly regulated industry. They are not only focused on remaining compliant, but provide the necessary hiring solutions to help their clients achieve their goals.

About NEOGOV: NEOGOV provides a high quality and easy-to-use talent management system to service the public sector market. Serving over 6,000 organizations, the company's suite of solutions supports the entire employee lifecycle, automating recruitment, onboarding, training, and performance management. Customers say NEOGOV helps them save time and money, reduce paper processes, improve regulatory requirement compliance, increase employee productivity and engagement, and provide better services to citizens.
