

InDemand Desk and Wall Mount Devices

InDemand Interpreting helps you extend your VRI reach!

InDemand offers space saving VRI solutions - ideal for the front desk or patient rooms. Through our desk- and wall-mounted VRI fixture, providers can extend the reach of VRI. With the flexible, articulating arm, easily move the device out of the way when it's not in use. Ensure you have a dedicated device during admitting to make sure your limited English proficient, Deaf and hard of hearing patients can effectively communicate throughout their entire care experience. This feature is available in varying screen sizes, depending on the environment, and supports both PC and iOS devices.
