

Use 15Five With Your Team To ELEVATE PERFORMANCE, COMMUNICATION, & IMPACT

15Five

WHY 15FIVE IS DIFFERENT

- 1 WEEKLY CHECK-INS**
Unlike status reports that focus on task completion, 15Five kicks-off important conversations with your team every week. Encouraging employees to reflect on their highs and lows creates a uniquely encouraging communication system.
- 2 ONE-ON-ONE MEETINGS**
Use face time for strategy execution not for status updates so that you can focus on coaching employees on the concerns, tasks, and goals that matter most.
- 3 PERFORMANCE REVIEWS**
Proactively manage performance in real-time as issues arise, not just once a quarter thus leading to formal reviews that become more comprehensive.

HOW 15FIVE WORKS

- **EMPLOYEES TAKE 15 MINUTES A WEEK TO ANSWER SIMPLE QUESTIONS.**
Each week everyone on your team uses 15Five to share what they've been working on, how they're feeling, their top priorities, and more.
- **MANAGERS TAKE 5 MINUTES TO READ, RESPOND, & TAKE ACTION.**
Recognize wins, help remove obstacles, put great ideas into action, and pass up the important information to company leaders.
- **LEADERSHIP GETS A WEEKLY PULSE OF THE ENTIRE COMPANY.**
Whether your team is all in one place or spread across the world, you have the transparency and insights necessary to improve your culture and grow faster.
