

# Remote Working

With 3CX

# Free Web Meeting

In light of recent events, we've just released a free demo of our web meeting solution to help you support customers with a sudden need to work remotely!

It does not require a 3CX license key and enables potential customers to access a limited version of our web meeting platform. The demo is available for use immediately and can be accessed via the link below:

Sectors

What are  
we doing?

# Your Remote Working Toolbox

# Webclient & Presence

- Turn your customers laptop into their communications hub
- Quickly see who's in the office and who's elsewhere
- Eliminate expensive voicemail tags
- Avoid unnecessary transfers

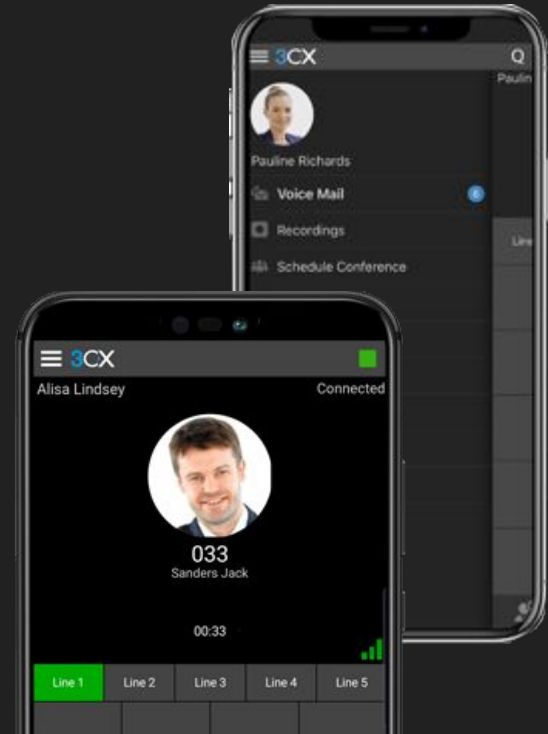

Login from anywhere - no download needed

3CX

# Mobile Apps

- Use your extension anywhere
- Check the status of your colleagues
- Chat using instant messaging
- Dial into web meetings

# Webmeeting

- Easy to use clientless solution
- Share files and images
- Advanced online classroom features
- Live Polling Feature
- Screen Sharing & Remote Control

Webmeeting usage has increased by 300%

# Instant Messaging

- Send text messages, links and more at no additional cost
- Available on web, Mac, Windows, iOS & Android apps
- Check in with colleagues working remotely and keep connected.

# Click2Talk

- Easy external communications for those unable to call
- Agents use their webclient, no need for additional software.
- Chats can be elevated to a call with the agent for speedy resolutions

# Education

We're seeing a huge increase in the number of schools looking at 3CX!

1

## Classroom Webinars

Lecturers can continue for up to 250 participants

2

## Live Chat

Hold office hours remotely using whilst keeping comms secure.

3

## Instant Messaging

Work together on group projects, share files and support one another!

4

## Get instant feedback!

Use our polling feature to check students are keeping up with the pace of learning

# Contact Centers

Offer customers support when they need it most - even if the office doors remain closed

1

Agent Monitoring

Call reports and our easy switchboard make it easy to keep track of agent progress.

2

Quick Set Up

All our applications are accessible from one interface. All agents need is their extension number and password!

3

Click2Talk

Agents spread thinly? Use click2talk to take the pressure off and handle more clients simulatenously.

4

Team Movivation

Send messages or updates with 3CXs customisable wallboard.
