Deploy Straight from AWS Marketplace

- Build solutions through AWS digital catalogue
- Quickly and efficiently complete installations on AWS
- Set options , deploy, configure PBX

The screenshot shows the AWS Marketplace interface for the 3CX Phone System. The page is titled "3CX Phone System" and includes a search bar, navigation tabs (Overview, Pricing, Usage, Support, Reviews), and a "Continue to Subscribe" button. The "Pricing" tab is active, displaying a section for "Estimating your costs". This section includes a "Region" dropdown set to "US East (N. Virginia)" and a "Fulfillment Option" dropdown set to "64-bit (x86) Amazon Machine Image (AMI)". Below this, there are two pricing tables: "Software Pricing Details" and "Infrastructure Pricing Details". The software pricing table shows a price of "\$0 /hr" for the "3CX Phone System". The infrastructure pricing table shows an "Estimated Infrastructure Cost" of "\$0.012 EC2/hr". A table on the right side of the page provides a detailed breakdown of EC2 instance types and their associated costs.
