intercom not included with purchase of pedestal.

STANDARD PEDESTAL

Compatible with our 8" and 12" surface intercoms, this pedestal is built with a 12" horizontal neck designed to accommodate approaching vehicles and allow the driver to use our intercom while still seated in their car.

GOOSENECK PEDESTAL

Compatible with our 8" and 12" surface intercoms, this pedestal is designed with a short neck to accommodate any low profile applications or limit the risk of a vehicle hitting the video intercom upon approach.

YOU MUST BE CERTIFIED TO INSTALL OUR PRODUCTS

To ensure our two year warranty is not voided during installation, ButterflyMX requires that anyone installing our system be certified. The certification process is a simple online quiz and should not take more than 30 minutes to complete. There are no fees to become a certified ButterflyMX installer.

FAQ

Question: How much does it cost to become certified?

Answer: There are no fees to become certified.

Question: Who needs to be certified?

Answer: Anyone who is going to be installing our products.

Question: If I am a reseller, do I need to be certified?

Answer: Yes, certification is required for any installer.

Question: What if I subcontract the installation?

Answer: The subcontractor needs to be certified or we can provide certified installers in your area.

For more information about becoming a certified ButterflyMX installer as well as information about the exclusive benefits such as referrals, please visit: butterflymx.com/cert/
