Smart access for multifamily properties

Secure, convenient, and affordable property access from a smartphone.

DEVELOPERS & OWNERS:

- Cut installation costs by eliminating building wiring & in-unit hardware
- Requires just three wires: internet, power, and doorstrike
- Maximize NOI with an in-demand amenity

PROPERTY MANAGERS:

- Manage resident permissions from a web-based dashboard
- Review time- and date-stamped photos of all door entries
- Connect to your PMS for automatic resident directory updates
- Simple courier access so your residents never miss a delivery

RESIDENTS:

- Open and manage doors from anywhere
- Video chat with visitors before granting access
- Send virtual keys for seamless guest access
- Easily control key-fobbed elevators

NO SMARTPHONE NEEDED

Residents without smartphones receive a standard phone call. They can still review door releases and create virtual keys online.

VIRTUAL KEYS
Create and send recurring or one-time virtual keys for easy guest access. Perfect for house cleaners, dog walkers, and other service providers.

NEVER MISS A DELIVERY

Assign unique delivery PINs to each carrier for seamless access. Couriers without a PIN can call residents to ensure every delivery.

ELEVATOR CONTROLS

Connect your key-fobbed elevators to the intercom to create a seamless building entry experience for guests.
