

HAPPY HMA-OLIDAYS!

#MA-llmark

To:

Happy Holidays!

I'm sorry this isn't cash.

However, I can reveal that HMA is in fact Santa's VPN of choice* for keeping his browsing private from prying elves, his connection secure from reindeer hackers, and for getting access to content from around the world. Lapland Netflix is lousy, apparently.

Enjoy a one year subscription to HMA VPN on me.
