ZY ONE LAB

AUTOMATED CONTRACT DISCOVERY AND REVIEW FOR M&A

Whether you are handling merger & acquisition (M&A) due diligence, managing a venture capital or private equity deal, refinancing, fundraising or conducting any other kind of complex corporate transaction, you will want to make sure the process is fast, secure, cost effective and stress-free.

ZyLAB ONE eDiscovery uses the latest techniques from Artificial Intelligence and Data Science to automate due diligence tasks to guarantee the highest level of completeness, efficiency and quality.

- Full eDiscovery solution.
- Using the latest techniques from Artificial Intelligence and Data Science.
- Easy to deploy in Microsoft Azure.
- Scalable and secure platform to meet your growing data needs.
- Integrates with Office 365.
- Unprecedented levels of automation for true productivity revolution.
- Special plugins for M&A, Anti-trust, Bribery, FOIA, and GDPR related matters.

Immediate Insight

Automatically collect, shift and filter agreements from non-agreements and automatically analyze and classify the content of specific contractual documents to get immediate insight into your contractual obligations, risks and opportunities.

Ready to start directly with our SaaS "Do it Yourself" functionality

Identify Deal Risks

Quickly organize documents in the required structure for your Virtual Data Room. Detect and complete missing documentation.

Identify deal risks by analyzing the content of contracts before you upload them into a Virtual Data Room and deal with these threats in advance.

Minimize liabilities by increased accuracy of the extracted information

Protect Sensitive Information

(Auto)-redact personal and sensitive data before disclosure to comply with the upcoming General Data Protection Regulation (GDPR).

Protect intellectual property and, confidential information using blacklining, but keep the flexibility to disclose information in other phases of the M&A process.

Prepare yourself faster, better and more cost effectively

ZyLAB is positioned as "leader" in Gartner's latest Magic Quadrant for eDiscovery Software, ranked #1 for complete EDRM eDiscovery in Gartner's "Critical Capabilities for E-Discovery Software" report and has received numerous other industry accolades over the last three decades.
