YOUR BEST INSURANCE IS AN INSURANCE BROKER

- Bryson Insurance is an Independent Insurance Broker, which means we act as professional insurance advisors, operating an independent business to serve all your insurance needs.
- Our licensed and dedicated staff members are continually trained through the IBAO (Insurance Brokers Association of Ontario) and other RIBO (Registered Insurance Brokers of Ontario) approved programs.
- We are experts at simplifying the intricacies of insurance policies, sharing our knowledge and presenting our best recommendations to you, the customer.
- Our office represents several different insurance companies, which enables us to shop around and negotiate the best premiums that are matched to the best coverage for your protection. Simply put, we work with you to help you make a more-informed decision.
- If you have to make a claim, we will always be by your side, and will do our best to assist you quickly, making sure that you are treated fairly by the insurance company.
- An Independent Insurance Broker represents several insurance companies and works on your behalf. In contrast, an Insurance Agent works directly for one specific company and can only sell that company's policies.
