

Spectrum Pharmacy Products Celebrates Pharmacists for National Pharmacist Day

January 12 is National Pharmacist Day.

NEW BRUNSWICK, NJ – January 12, 2019 – In recognition of National Pharmacist Day on January 12, [Spectrum Pharmacy Products](#), a leading North American manufacturer and distributor of pharmaceutical compounding chemicals, equipment and supplies, celebrates pharmacists and their important contributions to patient outcomes and the healthcare of the nation.

Honoring America's Pharmacists

National Pharmacist Day is observed annually on January 12 to recognize and honor America's pharmacists.

Elizabeth Ferguson-Brown, Vice President of Spectrum Chemical Mfg. Corp. said, "We want to salute pharmacists across the country for National Pharmacist Day and to express our thanks to our pharmacist customers. For more than forty years we have served the needs of compounding pharmacists as their role has grown over the decades. Today, in addition to compounding and dispensing medications, pharmacists offer medication adherence support, vaccinations, education, prescription savings plans and more for patients. In this era of personalized medicine, we anticipate the pharmacist's role will continue to expand and we intend to provide continuing support and service as a trusted partner."

Spectrum's Commitment to Compounding

As part of Spectrum's renewed commitment to compounding pharmacists, in 2017 Spectrum Pharmacy Products launched the [Spectrum Pharmacy Institute](#) to provide continuing education to compounders and pharmacy technicians.

In 2018 Spectrum Pharmacy Products introduced [Pharmacy Consulting Services](#), to assist compounding pharmacies nationwide to improve pharmacy operations and compliance as well as provide more effective patient care.

This year, Spectrum Pharmacy Products begins 2019 with its new [Earn & Learn Scholarship Program](#) for compounding pharmacists and pharmacy staff. For pharmacies that purchase APIs, excipients, equipment or supplies, and staff also need Continuing Education (CE) credits, Spectrum's Earn & Learn program provides scholarship rewards for live, hands-on, state-of-the-art compounding classes at the [Spectrum Pharmacy Institute](#).

About Spectrum Pharmacy Products

Spectrum Pharmacy Products, a division of [Spectrum Chemical Manufacturing Corporation](#), manufactures and distributes high-quality compounding chemicals,

equipment and supplies. Spectrum has been serving compounders for more than 40 years with the industry's largest portfolio of USP/NF grade products and DEA Controlled Substances (Schedules I –V). The company's bicoastal cGMP facilities in New Jersey and California are FDA registered and inspected, with additional certification to the ISO 9001:2015 standard. In 2017 Spectrum Pharmacy Products launched the Spectrum Pharmacy Institute, a 42,000-square foot pharmacy distribution, manufacturing, and compounding education facility located in New Brunswick, New Jersey.
