

# Experienced Computer Vision & Machine Learning Engineer

In Vienna / Austria

We are looking for experienced computer vision and machine learning engineers to create new and to improve existing large-scale visual recognition solutions, as well as work on related practical computer vision tasks.

## IF YOU

- have proven experience in designing, implementing, and delivering machine-learning-based visual recognition solutions; hold a relevant degree (e.g. Computer Vision, Machine Learning, Artificial Intelligence)

*KEYWORDS: computer vision, machine learning, large scale object recognition/detection, classification, photo-OCR, deep learning (CNNs, RNNs; TensorFlow, Theano, Keras; SSD, Faster R-CNN, R-FCN; ResNet, VGG, Inception; CS231n), multimodal & multi-stage classification, interest points & descriptors, part-based models, cameras (Gig-E), GPUs, Python, C++*

- are motivated to work on challenging new ideas and enjoy bringing research results to life in marketable/production solutions
- love working in a diverse team and are eager to learn new things as well as to share your skills and know-how with others
- have a strong sense of ownership work and strive for the best solutions for the customers and the team

## THEN WE

- can offer you to work on exciting projects in the field of computer vision and machine learning, at the core for our enterprise scale visual-recognition solutions
- give you the chance to grow your skills and expertise as we as a company grow
- have a smart team waiting for you to join
- provide on one hand the stability of a company with 20 years of experience and support by one of Austria's leading industry groups, and on the other hand the enthusiasm of a startup

# About us

Humai Technologies ([www.humai.tech](http://www.humai.tech)) was founded in 1998 as a spin-off from the Vienna University of Technology and the Berndorf Industry Group, with the mission to build first-class Visual Computing, Virtual Reality [VR], and Augmented Reality [AR] based solutions. Humai is a provider of enterprise scale mobile & IoT visual computing/recognition solutions, as well as the creator of the MagicLens, the 21st century AR & VR solution for sales and tradeshow.

## **STILL NOT CONVINCED? WHY SHOULD YOU APPLY?**

Live in a great town (Vienna), work for a great company (Humai) with a great climate (friendly, flexible working hours) and great premises (fully equipped kitchen, canteen, nearby mall), work in a great team (friendly, stick together, share, wide range of skills and expertise) on great projects (new technologies, progressive, multi-disciplinary, great customers), plenty of possibilities to grow and define yourself for the future!

## **HOW TO APPLY?**

If you are interested to meet us and discuss any opportunities, please send your application to [jobs@humai.tech](mailto:jobs@humai.tech). Please include at least a concise CV (max. 2 pages) as well as any information that you find convincing about your ability to perform in the described position.
