

Full-Stack Web Developer [m/f]

In Vienna / Austria

We're looking for a Full-Stack Web Developer to contribute to our growing portfolio of Enterprise Scale Visual Recognition solutions.

IF YOU

- love working in a diverse team with different backgrounds and a mix of juniors and seniors, and are eager to learn and share skills and know-how with others; have a strong sense of ownership about your work and strive for the best solutions for the customers and the team
- know about common design patterns, best practices and software architecture, and are familiar with the development of modern web applications (RESTful API design, real-time event-based applications or similar)
- have experience with at least one of Node.js, Python and/or Java, and at least one of Angular.io, React.js, Vue/Vuex, or similar, as well as one SQL or noSQL databases
- are proficient in spoken and written English

OPTIONAL NICE TO HAVES:

experience with Socket.io, message brokers (e.g. RabbitMQ, Apache Kafka, ZeroMQ), agile, UML, DevOps and configuration management (e.g. Ansible, Chef, Puppet), GitLab, Jenkins, Hudson, Linux Terminal

THEN WE

- can offer you to work on exciting projects around our Enterprise Scale Visual Recognition solution, on-cloud and on-premises, with an outstanding ecosystem of customers and partners
- can offer you the chance to grow your skills and expertise in our fast-growing company and match your skills and interests with our broad range of challenges
- welcome you to our Fridays fun board games, supported by a refrigerating choice of drinks
- provide participation to several team events such as soccer matches and other sports events, company hackathon, after-work evenings, as well as culinary workshops

About us

Humai Technologies (www.humai.tech) was founded in 1998 as a spin-off from the Vienna University of Technology and the Berndorf Industry Group, with the mission to build first-class Visual Computing, Virtual Reality [VR], and Augmented Reality [AR] based solutions. Humai is a provider of enterprise scale mobile & IoT visual computing/recognition solutions, as well as the creator of the MagicLens, the 21st century AR & VR solution for sales and tradeshow.

STILL NOT CONVINCED? WHY SHOULD YOU APPLY?

Live in a great town (Vienna), work for a great company (Humai) with a great climate (friendly, flexible working hours) and great premises (fully equipped kitchen, canteen, nearby mall), work in a great team (friendly, stick together, share, wide range of skills and expertise) on great projects (new technologies, progressive, multi-disciplinary, great customers), plenty of possibilities to grow and define yourself for the future!

HOW TO APPLY?

If you are interested to meet us and discuss any opportunities, please send your application to jobs@humai.tech. Please include at least a concise CV (max. 2 pages) as well as any information that you find convincing about your ability to perform in the described position.
