SENIOR BACKEND ENGINEER [M/F]

In Vienna / Austria

We are seeking a Senior Backend Engineer [w/m] who has a strong sense of ownership about his/her work, is eager to learn and share his/her know-how within our team and strives for finding the best solution to a customer problem.

IF YOU...

- have the ability to transform business requirements into software solutions
- have at least 5 years of experience in software development
- have knowledge about common design patterns, best practices and software architecture
- have experience with at least one of the following technologies: Node.js, Python and Java
- have already worked with SQL or noSQL databases
- aim for the highest code quality
- are proficient in both spoken and written English

NICE TO HAVE:
- Docker, Kubernetes
- Azure, AWS, Google Compute Cloud
- Configuration management [e.g. Ansible]

THEN WE ...

- can offer you the opportunity to work on exciting projects with our xRec solution on-cloud and on-site premises
- can offer you the chance to grow and expand your skills and expertise in our rapidly growing company and match your skills and interests with a broad range of challenges
- welcome you to our Friday game nights, when we offer free snacks and drinks, as well as a chance to unwind and build better connections to your colleagues
- welcome you to join in on one of our numerous company events such as: soccer matches, paddle boarding, hackathons, ladies nights, evenings out on the town, culinary workshops and much more.

About us

Humai Technologies (www.humai.tech) was founded in 1998 as a spin-off from the Vienna University of Technology and the Berndorf Industry Group, with the mission to build first-class Visual Computing, Virtual Reality (VR), and Augmented Reality (AR) based solutions. Humai is a provider of enterprise scale mobile & IoT visual computing/recognition solutions, as well as the creator of the MagicLens, the 21st century AR & VR solution for sales and tradeshows.

**STILL NOT CONVINCED?
WHY SHOULD YOU APPLY?**

Live in a great town (Vienna), work for a great company (Humai) with a great climate (friendly, flexible working hours) and great premises (fully equipped kitchen, canteen, nearby mall), work in a great team (friendly, stick together, share, wide range of skills and expertise) on great projects (new technologies, progressive, multi-disciplinary, great customers), plenty of possibilities to grow and define yourself for the future!

HOW TO APPLY?

If you are interested to meet us and discuss any opportunities, please send your application to jobs@humai.tech. Please include at least a concise CV (max.2pages) as well as any information that you find convincing about your ability to perform in the described position.
