- Experience with the Git/ Gitlab workflow
- Software-engineering knowledge [eg. OOP, Design-Patterns]
- Interest in augmented reality
- Interest in computergraphics/ real-time graphics
- Willingness to work in a team

Adding a few Dimensions.

About us

Humai Technologies (www.humai.tech) was founded in 1998 as a spin-off from the Vienna University of Technology and the Berndorf Industry Group, with the mission to build first-class Visual Computing, Virtual Reality (VR), and Augmented Reality (AR) based solutions. Humai is a provider of enterprise scale mobile & IoT visual computing/recognition solutions, as well as the creator of the MagicLens, the 21st century AR & VR solution for sales and tradeshows.

STILL NOT CONVINCED? WHY SHOULD YOU APPLY?

Live in a great town (Vienna), work for a great company (Humai) with a great climate (friendly, flexible working hours) and great premises (fully equipped kitchen, canteen, nearby mall), work in a great team (friendly, stick together, share, wide range of skills and expertise) on great projects (new technologies, progressive, multi-disciplinary, great customers), plenty of possibilities to grow and define yourself for the future!

HOW TO APPLY?

If you are interested to meet us and discuss any opportunities, please send your application to jobs@humai.tech. Please include at least a concise CV (max. 2 pages) as well as any information that you find convincing about your ability to perform in the described position.
