

## Nutritional Analysis Lab Test Instructions

Thank you for choosing RL Food Testing Laboratory for your Nutritional Analysis Lab Test needs. We appreciate your business.

Please complete the attached Nutritional Analysis Lab Test form required to submit with each food sample(s) you are requesting for testing. Contact us if you do not have a form. A completed form is required to accompany each sample product.

Why do you need this test? Often, how foods are processed require lab testing. A few examples are: brined, marinated, fried, fermented or brewed products – these product types require lab testing. If your recipe cannot be analyzed through our database software, then your food product requires a sample tested for the Nutritional content - our lab test provides this analysis.

### Instructions:

- Complete the Nutrition Analysis Test form
- Submit an 8 oz. sample of finished product
- Ship FedEx or UPS 2<sup>nd</sup> Day Air
- Use cold packs as necessary
- Do not use glass containers – plastic only
- The Lab is closed on weekends – please no Saturday or Sunday deliveries
- Ship sample(s) and form(s) to:

RL Food Testing Laboratory  
1824 1<sup>st</sup> Street  
San Fernando, CA 91340

Testing turnaround time is 25 business days.

The report you will receive at the conclusion of your product testing will indicate the nutrient values required by the FDA for Nutrition Facts Labels. These include: Calcium, Calories from Fat, Total Calories, Total Carbohydrates, Cholesterol, Trans-fat, Saturated Fat, Total Fat, Dietary Fiber, Iron, Protein, Sodium, Sugars, Vitamin D, Potassium. (Ash and Moisture results are also included.) We use the information from this report to produce your FDA compliant Nutrition Facts Label – which is included as part of RL Food Testing services.

Thank you again for choosing RL Food Testing Laboratory. Call us if you have any questions or need any further services. 877-753-6631

Regards,  
The RLFTL Team

*We provide nutritional information using US FDA compliant nutrition label software, with the accuracy of the label content 100% dependent on what we receive from you, our clients. Laboratory service results are dependent on both the input we receive from you regarding the ingredients in your product and the quality of the product sample you send to us. Product quality is dependent on the product temperature when shipped, the container used to ship your product to us and the integrity of the sample we receive from you. We are not responsible for any errors that may occur based on your input or the poor product quality we receive from you. RL Food Testing Laboratory is not responsible for any consequential or other damages. All claims against RL Food Testing Laboratory are limited to the cost of services rendered.*
