

MEET Smart Meetings Hub

Your complete, on-the-go meeting planning center with reminders, navigation and conference room booking.

MY MEETINGS

Appointments in a user's personal calendar are seamlessly integrated with the app. No effort to keep track of the day's schedule.

PERSONALIZED

Helpful reminder messages are relevant to each user's schedule, preferences as well as his or her physical location.

FIND A SPACE

Powerful search tool allows users to filter conference rooms by location, date, availability and capacity.

SCHEDULE

Schedule and invite team members to on-site meetings directly in the app for on-the-go team communication.

NAVIGATION

Turn-by-turn directions help users navigate to and from meetings to specific locations across your campus, buildings, and floors.

MEET Brings all scheduling features together in one central location so booking rooms and desks is smarter and easier.

Operations become effortless when teams and employees have access to real-time tools they can use to efficiently manage their daily activities.
