

Project Business Controller

Program Description: This course is designed to provide the student with a basic understanding of the Project Management Processes – Project Initiation; Project Planning; Project Execution; Project Monitoring and Control; Project Closing. The emphasis is on integrating proven project management processes into an organization culture. The goal is to enable students to leverage an organization culture with project management processes rather than impose processes on the organization and lay a foundation for continuous improvement of the organization’s project management processes as the organization realizes the benefits of a project management methodology.

Credential: Diploma

Duration: 300 hours, 15 Weeks

Program Tuition: \$7,500

Books: The cost of books are included in tuition

Prerequisites: Candidates should be over 18 years of age, have a valid driver’s license and a High School Diploma or GED.
