FOR IMMEDIATE RELEASE
August 26, 2015

STRAFFORD ORACLE HFM TEST DRIVE NOW AVAILABLE ON AMAZON WEB SERVICES

Explore the benefits of Hyperion Financial Management through AWS Test Drive

Londonderry, NH, August 26, 2015 – Strafford Technology, providing consulting services addressing the challenges of Finance Departments with fully supported Business Intelligence (BI) and Enterprise Performance Management (EPM) applications on premise and in the cloud, today announced the release of an Amazon Web Services (AWS) Test Drive for Oracle Hyperion Financial Management.

The AWS Test Drive for Oracle Hyperion Financial Management from Strafford provides free access to the latest version of the best-of-breed financial consolidation and reporting application from Oracle. With the full functionality of the on-premises version of the product, AWS Test Drive customers can survey all areas of the application. They can enter data, consolidate financials and create and post journal entries. Financial data will be accessed through the web based application which is accessible via a remote desktop connection.

“The AWS Test Drive for Oracle Hyperion Financial Management allows users to build their own cluster of servers quickly (19 minutes for Hyperion Financial Management), and then they simply login and explore the application with our custom-built lab,” states Steve Berry, CEO. “The AWS Test Drive for Oracle Hyperion Financial Management enables anyone to quickly and easily explore the benefits of using this software on the AWS Cloud. The AWS Test Drive is provided free of charge for demonstration, education and evaluation purposes. It includes enough AWS server time to complete the Test Drive, and users can return any time to experiment and explore.”

Find the free AWS Test Drive for Oracle Hyperion Financial Management from Strafford by visiting:
