

Instructions for Taking YouScience

*****YOU WILL NEED A LAPTOP OR DESKTOP COMPUTER TO COMPLETE THE ASSESSMENT. MOBILE AND TABLET DEVICES ARE NOT SUITABLE.**

What's the assessment like?

The Core Assessment consists of 11 exercises that reveal how you work, think, and understand different types of information and tasks. The assessment is 90-minutes, however, you do not have to complete the entirety in one sitting. You can take a break after any exercise but NOT during the middle.

If you are also completing the Amplifier Assessments, click the green "Continue Amplifier Assessments" button once you complete the Core Assessment.

We'll need your complete attention during the exercises. So please remove any potential distractions.

Make sure you are in a quiet, comfortable place where you won't be distracted by television, music, pets, or your cell phone. Please tell anyone who may be around you that you need quiet and privacy.

You'll need a stable, high-speed Internet connection.

If you're using a wireless connection, please take precautions that your connection will not be interrupted during testing. Mobile and tablet devices are not suitable.

Minimum browser requirements are as follows. Please do not close your browser or leave the application mid-exercise.

Chrome 47.0+

Safari 8.0+

IE10 or higher

Firefox 38.0+

To Access Your Results Once You Complete:

- Go to www.youscience.com, click LOGIN on the top bar
 - Or navigate directly to the log-in page: www.youscience.com/login
