

PREPARE YOURSELF FOR A JOURNEY OF SELF-DISCOVERY

Go to **www.youscience.com/login** to begin or complete your assessment.

The Core Assessment consists of 11 exercises that show us how you work, think, and understand different types of information and tasks. These are separated into 2 sections with a break built in; however, you do not have to complete the whole assessment in one sitting. You can take a break after any exercise but NOT during the middle. For each exercise, we've given complete instructions. Read them carefully and make sure you understand them before you start.

If you are also completing the Optional Assessments, click the green "Continue Optionals" button once you complete the Core Assessment.

**We'll need your complete attention during the exercises.
So please remove any potential distractions.**

Make sure you are in a quiet, comfortable place where you won't be distracted by television, music, pets, or your cell phone. Please tell anyone who may be around you that you need quiet and privacy.

Please complete by _____

You'll need a stable, high-speed Internet connection. If you're using a wireless connection, please take precautions that your connection will not be interrupted during testing. Mobile and tablet devices are not suitable.

Forgot Your Password?

To reset your password click the "Forgot Password" link at www.youscience.com/login. We will email you your password reset instructions.

Minimum browser requirements are as follows. Please do not close your browser or leave the application mid-exercise.

Chrome 47.0+

Safari 8.0+

IE 10 or higher

Firefox 38.0+
