## Case Study

# Marburn Academy

Marburn Academy is an independent day school and a visionary leader in the education of bright students with learning differences, such as dyslexia and attention difficulties. Marburn wanted to create a new space where their students would feel encouraged, inspired, and comfortable.

### Results:

This four-year project, from initial budgeting to move-in, accomplished Marburn's objectives. The state-of-the-art facility showcases their new brand throughout the space, as well as provides cutting-edge technology and adaptive classrooms for young learners.
