

# To us, it's so much more than just a space.

We challenge the status quo and strive to change the way you think about work. With over 75 years of experience, we deliver:

## **Furniture**

From workstations and seating to collaborative spaces and accessories, we have options for all budgets and any workspace.

## **Floors**

Complement your workspace from the ground up with a wide variety of flooring solutions. From carpet to hard surfaces, we'll help you find the right solution for your environment.

## **Concrete Finishes**

Give your space a modern look with concrete polishing or an epoxy coating. Concrete is sought after for its aesthetics and sustainable profile.

## **Prefab Construction**

An technology-driven construction approach that changes everything with clean, rapid construction and total design freedom.

## **Branding**

If your space could speak, what would it say? Give your associates and customers a memorable, branded experience. It's your story to tell – make an impact.

## **Services**

Finding a space is just the first step. We offer a variety of services to help you throughout your workspace lifecycle and make the most of your investment.

# What we do

Put simply, we create great spaces and help you bring your vision to life. Our goal is to help clients see the possibilities. We believe that when collaboration thrives and functionality flourishes by design, business grows, communities prosper, and anything is possible.

# How we do it

We understand it can be hard to visualize how your space will look and feel, so we provide assistance with project visioning, 3D furniture renderings, floor plan layouts, and more.
