

Return to Work: Safety Signage and Communication Tactics

Clear and direct communication is paramount when welcoming associates and visitors back to your workplace. The signage solutions below provide a cohesive solution that will ensure everyone in your space feels safe and confident. These affordable solutions can be customized to include your company's logo and color scheme. All signs in this system are durable, easy to clean, and can be delivered in 1-2 weeks.

A WELCOME SIGNAGE

Welcome employees and guests back to the office while advising them of important new protocols. Sign can be featured in a stand or displayed directly on a wall.

B CDC INSTRUCTION SIGNAGE

Infection control messages remind employees of safe CDC guidelines. Messaging can include protection practices, sanitary guidelines, or even how to check for symptoms. Signs are available in a variety of materials.

C FLOOR GRAPHICS - SPACING

Durable floor graphics reminding pedestrians to remain 6-ft apart work on carpeted and hard flooring surfaces.

C FLOOR GRAPHICS - DIRECTIONAL

Directional arrows on carpeted and hard flooring surfaces inform guests and employees to follow a new workplace pedestrian traffic pattern.

D MAX OCCUPANCY SIGNAGE

Custom signage solutions redefine max-capacity during crisis for conference rooms, bathrooms, elevators, and more. Signs are available in a variety of materials to fit your budget.

E ROOM GUIDELINE SIGNAGE

Help maintain reduced capacity by implementing a custom hang-tag solution. Unique sign solutions are available for conference rooms, restrooms, elevators and other areas in a variety of materials.

F CLEANING SUPPLY STORAGE

Identification signs for cleaning supplies helps everyone be on the same page and enables individuals to stop the spread of germs. Signs are available in a variety of materials.

G ENGAGEMENT SOLUTION

Educating your associates is imperative to establishing a healthy and safe culture. Customizable solution are available to allow your associates to document how they will be part of the solution.
