

Work From Home In Comfort

As we all get back to work, we can help you keep your team comfortable and healthy with work from home furniture options. Whether you're going full or partially remote, we have products in various budget ranges that can help you maintain your culture and associate experience.

Part-Time Remote/Work From Home is the New Normal:

73% of people say they will be more comfortable working from home if they had a better home office set up like an ergonomic chair, a sit-to-stand desk, and monitor arms.

Nearly **40%** of company leaders are considering a one-time allowance for work from home furniture.

How We Can Help:

One: By ensuring all people working remotely have the right furniture for their needs.

Two: Providing options for ergonomic comfort throughout the day.

Three: Making sure your team has the best possible experience.
