

## Health & Safety Management Launch Email

To develop our Health & Safety arrangements we are working with BCarm using their cloud-based Health & Safety Management system.

You will be receiving / have received an email with login details and a link from [info@bcarm.co.uk](mailto:info@bcarm.co.uk). If you can't find it just check your Junk folder. When you first login you will be asked to setup a PIN.

This system allows us to manage every aspect of our Health & Safety including Risk Assessments, Checklists, Accident Reporting and Safe Systems of Work.

When you log into BCarm, click on the **Health & Safety Management** icon on the **My Services** Page.

To navigate around the system, use the icons at the top of every page. Click on the required module icon to display further options related to that module.

If you would like an orientation session of the system then [click here](#) to arrange a webinar meeting with the BCarm Engagement Team. They are on hand to provide you with whatever support you need to develop our Health & Safety arrangements.

The BCarm Client Engagement team provides unlimited system support. Please call **0800 879 9981** to speak to a member of the team, email [info@bcarm.co.uk](mailto:info@bcarm.co.uk) or [click here](#) to arrange a webinar.
