

Best of *20* **Big D** *19*

One of the hallmarks of a great city is an abundance of great places to eat; Dallas is no exception.

But which restaurants are best? Every year since 1974, we've been committed to finding out. Our editors spend months sipping and savoring their way through the city; those restaurants that come out on top are awarded "Best of Big D" and honored at our annual blowout by the same name. This year, many winning restaurants jumped in to help us host. Keep the party going by paying a visit to each one:
