

# Do you know the financial impact of a flu outbreak?

The annual economic impact of flu season in the U.S. is estimated at **\$7–\$9 billion**, according to a 2016 study led by USC.

The cost of treating someone with the flu ranges **\$130 to almost \$1,000 per person** for vulnerable populations, based on statistics from MedScape (2017).

Each year, up to **20% of the U.S. population** contracts the flu and tens of thousands are hospitalized, according to WebMD.com

Meet your new partner in the fight against the flu.

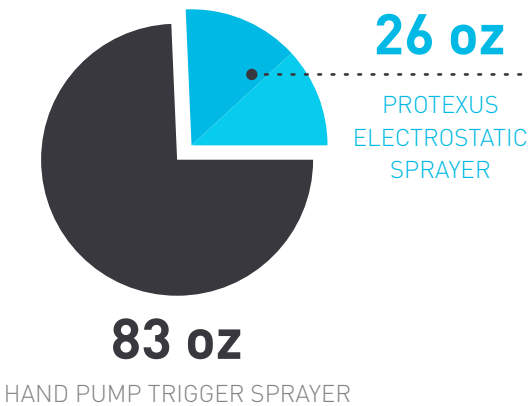

## 3x More Coverage Than Traditional Cleaning

Cutting-edge electrostatic spraying technology delivers precise application of disinfectants and sanitizers with 3x the coverage compared to traditional cleaners.

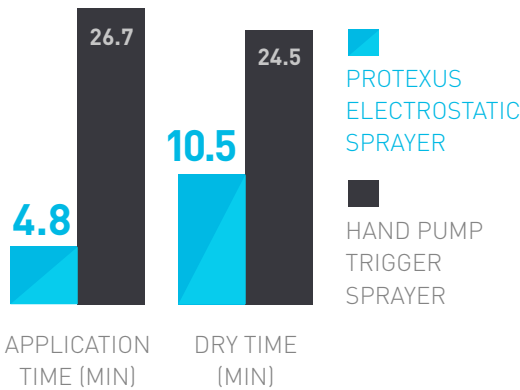

## Better than Bleach PURTABS Disinfecting Tabs

Did you know that after diluting bleach, it starts losing effectiveness within 1–2 hours? PURTABS remain full strength for 7 days and are 50% less corrosive & have germ-killing power that remains active after contact with organic material.
