Burnham Nationwide is the Industry Leader

Burnham Nationwide has over 25 years of experience helping clients obtain all the necessary permits and approvals for complex construction projects, and we operate in over 3,000 cities across the country. Our clients include Fortune 500 companies as well as some of the leading development and architecture firms. At Burnham, our experienced project managers provide expert guidance and handle communication with all project stakeholders, including regulating entities, design teams, and construction firms.

Burnham is New York's Expert in Permit Management

Burnham Nationwide is the premier specialist in facilitating permits for New York City. Operating in the Big Apple for two decades, Burnham's streamlined and transparent process supports our ability to develop effective and efficient strategies for any project.

We take ownership of your project whether an entirely new, complex high-rise requiring a New Building Permit or an interior office build-out needing an Alteration Type 2 Permit.

Our p throu

Our proactive and systematic approach, developed through decades of experience, expedites the entire permit process.

Burnham archives and tracks all your documents in our secure, state-of-the-art database which completely aligns with the New York City Department of Building's brand new online portal.

Our highly skilled project managers have expertise in all phases of the permit process, and the same project manager works with you throughout the entire life of the project.

We take charge of securing all the necessary approvals required for permit issuance to make sure your project stays on schedule and within your budget.

Burnham's experts in code compliance can undertake
a full review of your plans to assure compliance
with the New York Construction Code; federal, state,
and municipal accessibility requirements; and other
relevant codes.

\$	

Our wide-ranging services include assistance with licenses and discrete permits, such as solar permits, places of assembly, after-hours variances, contractor licensing, landmark approvals, sidewalk cafe permits, and Department of Transportation approvals.

We enable all project team members to do their job better and are always available for communication on your project, whether it's over the phone, email, or in person.
