

ABOUT HEALTH INTELLIGENCE PARTNERS

Health Intelligence Partners (HIP) is a membership-based community of health care leaders (e.g., industry leaders, strategists, innovators, enablers of change) seeking to understand, navigate, and thrive in the evolving health care economy. HIP supports clients seeking to identify trends and prepare for change.

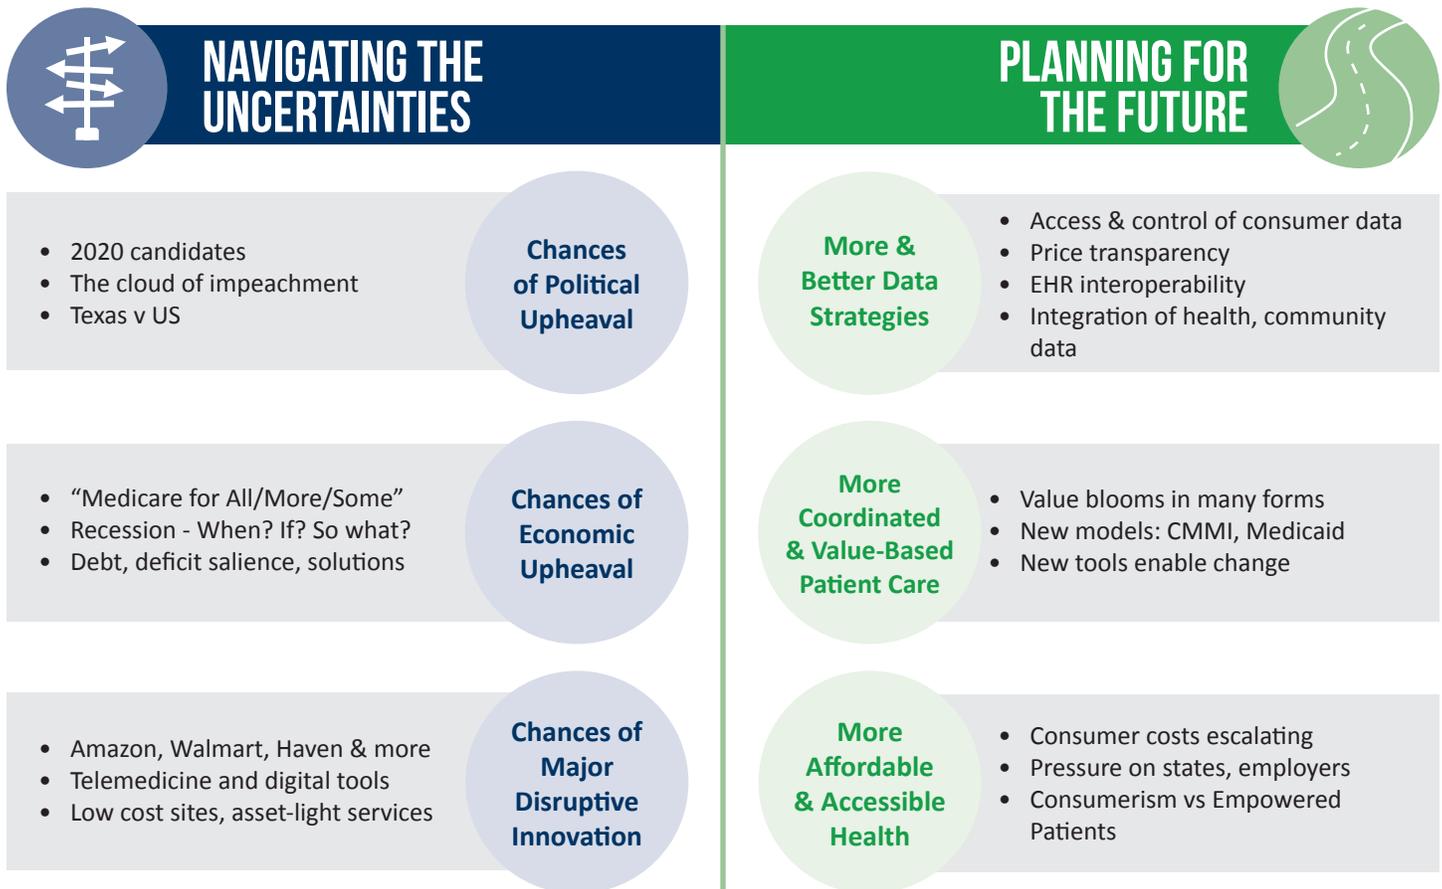

2020 PROGRAM OVERVIEW

GUIDING THROUGH THE UNCERTAINTY, ADVANCING THE STRATEGIES THAT MATTER

We step into 2020 facing a presidential election, a potential recession, downward pressure on prices, and value at a crossroads, with pressure from all sides to show results. This creates uncertainty for strategic planning and product development.

Health Intelligence Partners is designed to help guide you through the uncertainty...while helping you to advance specific strategies that will matter no matter what. We will provide you important data, diverse and divergent perspectives, and the collective wisdom of those with leadership experience in uncertain times.

THE HIP 2020 AGENDA:

WHO SHOULD JOIN?

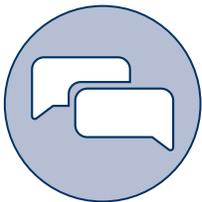

HIP participants and attendees are typically those who track developments across the health care ecosystem and develop market strategies to drive organizational success.

- C-Suite Executives and Strategic Planners
- Product Development and Innovation
- Market and Business Intelligence
- Government or Federal Affairs

PROGRAM DELIVERABLES

HIP PERSPECTIVES, ENGAGEMENTS & INSIGHTS

PERSPECTIVES

Regular analysis and commentary around major developments, providing thought leadership on key industry trends and events.

ENGAGEMENTS

Strategic in-person discussions analyzing key trends, gaming out future scenarios, and identifying keys for navigating uncertainty.

STRATEGIC INSIGHTS

Deep dive into issues and sector dynamics with LP practice leaders and researchers, providing insights on what matters most.
