

**FIFRA Section 2(ee)  
Recommendation**

For preventative treatment of *Alternaria* leaf spot (*Alternaria cucumerina*) and target spot (*Corynespora cassiicola*) on cucurbits.

This recommendation is made as permitted by Section 2(ee) of FIFRA, as amended, and has not been submitted to or approved by the U.S. Environmental Protection Agency.

Please contact your Certis USA regional sales manager to determine the specific requirements for FIFRA 2(ee) recommendations in your respective state.

**LifeGard<sup>®</sup>WG**  
BIOLOGICAL PLANT ACTIVATOR

EPA Reg. No. 70051-119

<b>ACTIVE INGREDIENT:</b> <i>Bacillus mycoides</i> isolate J*:	40.0%
<b>OTHER INGREDIENTS:</b>	60.0%
<b>TOTAL:</b>	100.0%

\*Equivalent to a minimum of 30 billion (3×10<sup>10</sup>) viable spores/g of product.

**DIRECTIONS FOR USE**

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

**PEST**

For preventative treatment of *Alternaria* leaf spot (*Alternaria cucumerina*) and target spot (*Corynespora cassiicola*) on cucurbits.

**RATE**

Use 1-4.5 oz/acre in sufficient water to assure adequate coverage.

**APPLICATION**

**For direct seeded crops:** Apply any time following emergence of first true leaf.

**For transplants:** Begin applications immediately before or after transplanting. Transplants may be treated in the greenhouse or nursery prior to transplanting in the field.

**For all of the above:** repeat applications at 7-14 day intervals as needed to prevent or reduce disease infection.

• **All applicable directions, restrictions, and precautions on the EPA-registered labels are to be followed.** This FIFRA Section 2(ee) recommendation contains new or additional directions for use of this product, which may not appear on the package label. Read and observe the cautionary statements plus all other information appearing on the product labels. **For Utah and Washington, this recommendation is not required to be in the possession of the user at the time of pesticide application. For all states other than Utah and Washington, this recommendation must be in the possession of the user at the time of pesticide application.**
