RE: Cool Roofing & California Title 24

Subject: FiberTite Roofing Systems Compliance

Seaman Corporation / FiberTite Roofing Systems is a charter member of the Cool Roof Rating Council (CRRC). The CRRC is the supervisory entity responsible for certifying cool roof products and subsequent compliance with California Title 24 requirements.

The following is Seaman Corporation's current FiberTite listing from the Rated Products Directory on the Cool Roof Rating Council Website.

CRRC PROD. ID	MANUFACTURER: BRAND MODEL	PRODUCT TYPE	COLOR	SOLAR REFLECTANCE		THERMAL EMITTANCE		SRI	
				initial	3 year	initial	3 year	initial	3 year
0634-0003	Seaman Corporation: FiberTite Roofing Systems DC 667 CR Tan	Membrane: Single Ply Thermoplastic and Thermoset Roofing	Tan	0.72	pending	0.88	pending	88	pending
0634-0004	Seaman Corporation: FiberTite Roofing Systems DC 671 CR Gray	Membrane: Single Ply Thermoplastic and Thermoset Roofing	Grey	0.69	pending	0.89	pending	84	pending

The California Energy Commission under Title 24 requires a minimum three year aged thermal emittance of 0.75 and a minimum three year aged solar reflectance of 0.63 under the Prescriptive Criteria for Roof Products for Nonresidential Buildings for low slope roofing membranes. Pursuant to the information above, FiberTite (Off White or Bright White) is in compliance with the California Energy Commissions Title 24 requirements.
