Know What to Buy, How Much to Buy, & When to Buy It.

Planning with Accuracy

Inventory is at the center of any retail business. However, while inventory may be one of your biggest assets, it can also be your biggest expense. Knowing what to buy, how much, and when can be a frustrating endeavor if you don't plan strategically and objectively.

That's where we come in. With One Step's inventory planning, dedicated retail experts, and intuitive software, you'll be leveraging your inventory with confidence and ease.

Plan Your Inventory with
94% Accuracy (when followed correctly)

Taking the First Step

Taking the first step to planning for inventory success is as simple as picking up the phone to schedule your one-on-one consultation with one of our retail experts. We will take a comprehensive look into your business, discuss your challenges and goals, and show you how we can help you meet those needs.

Take your first step to planning with confidence, today!

About One Step

As a company, we love technology. It is in our blood. And we apply that love for technology to the industry our team knows best... RETAIL. Our team, with over 250 years of combined retail industry expertise, is constantly looking for fresh, innovative ways to use the latest technology on the market to help our customers manage their retail business efficiently and profitably. We not only offer them the best technology, we offer them the best services and support to complement that technology. Our purpose? Help our customers succeed in retail.
