

# Full Platform: How a Healthcare Customer Consolidated Business Processes Under One System

## ABOUT CLEARSKY HEALTH

ClearSky Health is a premier rehabilitative healthcare provider, dedicated to healing and transforming the lives of individuals living with disabling injuries or illnesses.

## INDUSTRY

Healthcare

## HQ

Austin, TX

## CUSTOMER SINCE

2019

## DEPLOYMENT TIMEFRAME

6 Months

## WORKDAY SOLUTIONS DEPLOYED

Core HCM, Recruiting, Benefits, Core Financials, Fin Accounting, Banking, Expense, Suppliers, Procurement, Business Assets

## COLLABORATIVE SERVICES

Full Deployment, Continuous Value Services

## THE CHALLENGE

ClearSky Health had a non-scalable Financial platform and a non-existent HR platform. They were looking for one tool that could bring both HR and Finance together to help meet acquisition growth plans in the future.

## WHY COLLABORATIVE

Collaborative Solutions experience with other healthcare customers, being one of Workday's Launch Partners and having great collaboration tools, stood out to ClearSky Health. During the COVID-19 pandemic, Collaborative helped navigate ClearSky's deployment virtually with daily check-in's and postproduction support, ensuring that the project launched with success.

## BENEFITS & RESULTS

- Delivered on time and on budget
- Consolidated HR and Finance solutions into a single, integrated solution
- Leveraged existing infrastructure to quickly build integrations
- Gained a single cloud ERP system to manage the entire organization
- Embraced organizational, process, and reporting changes without business disruption
- Developed the ability to quickly respond to changes and get a full view of all applications

*"Amid the current COVID-19 pandemic, Collaborative Solutions was quick to respond with remote support solutions as we went live with Workday. Their response time and daily postproduction calls have provided excellent support through this difficult time." - Sandy Cortez, VP of Corporate Finance*
