

Funding From All Corners

Empowering mission-driven organizations through innovative grant and individual fundraising toolkits

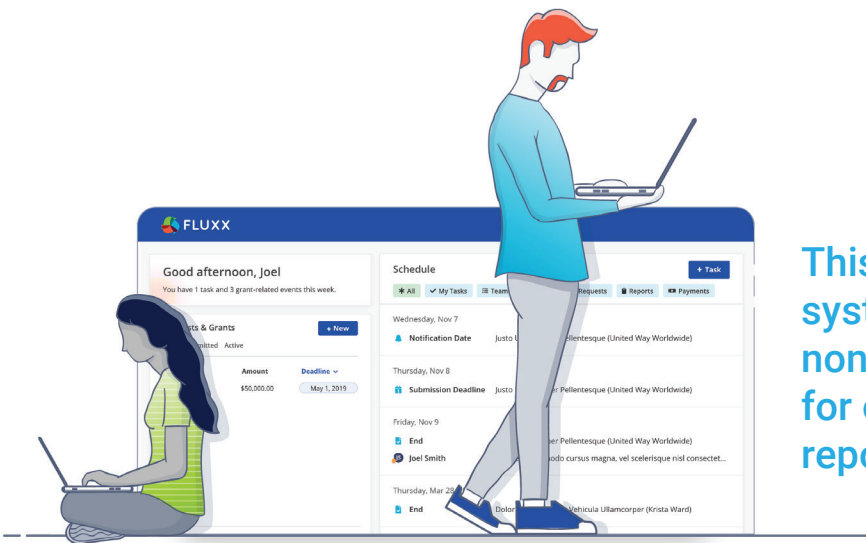

Coordinating grant making and individual fundraising—the top two revenue sources for nonprofits—is vital for growth. However, until now there haven't been solutions for funders or nonprofits that combined grants and individual donor management.

Enter Fluxx & Neon One, which are partnering to unify philanthropic funding, growing the funding pie for nonprofits. Creating an end-to-end connection from donations through grants will allow philanthropic foundations to leverage grant reporting and application systems along with advanced fundraising solutions that support both giving days and year-round donations. It will also allow nonprofits to seek and manage funds from both grantmakers and individual donors.

Fluxx powers giving and impact in philanthropy by connecting givers and doers. The Fluxx platform creates capacity, increases visibility, and improves collaboration. Hundreds of the world's leading foundations and tens of thousands of nonprofits rely on Fluxx to streamline their funding processes, get data-driven insights, and drive more impact.

Neon One is a powerful technology ecosystem fueling mission-driven organizations to build capacity through software and services designed for social impact. We pioneer solutions for fundraising, community building, and program operations that power the future of philanthropy.

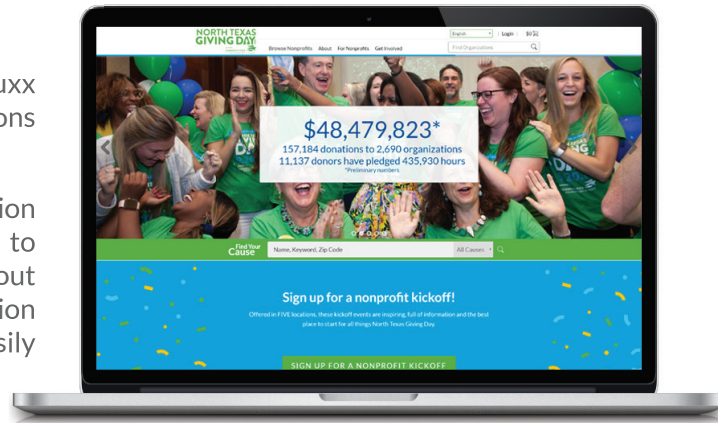

This free grants management system powers thousands of nonprofits with an all-in-one tool for organizing, collaborating, reporting and insights.

Growth & Giving Toolkit

The one-of-a-kind Growth & Giving Toolkit combines Fluxx Grantmaker and the CiviCore Giving Platform so that foundations can catalyze and manage grant and other giving year-round.

Fluxx Grantmaker is the leading grants management solution trusted by top foundations and membership associations to maximize efficiency, transparency, and collaboration throughout their teams and with grantees. It makes grant submission processes transparent, roles and tasks clear, data easily accessible, and grant impact immediately visible.
