

20ml Sugar
Syrup

1/2 Lemon

50ml Whiskey

Whiskey Sour Cocktail Recipe

Ingredients:

50ml Whiskey

20ml Sugar Syrup

1/2 Lemon

Garnish with:

Lemon Wedge

Build Type:

Shake & Dirty Pour

Mix Method:

Step 1: Add half a lemon squeezed through a Mexican elbow, then balance the cocktail by adding 20ml of sugar syrup.

Step 2: Then the fun part, add 50ml of whiskey. Once this is all placed in your boston tin, fill with cubed ice and apply the other tin, at an angle with downward pressure.

Step 3: Shake the cocktail until, condensation forms on the outside of the tins. Tap the side of the tins to release the seal.

Step 4: Then dirty pour the cocktail straight into a highball. Add a wedge of lemon to garnish.
