MOBILE BOILERS

The Wilkinson Companies has the largest fleet of Mobile Boilers in New England. Whether you need a mobile boiler for a few days, months or more, Wilkinson Mobile Boilers, Inc. will provide emergency steam and/or hot water as quickly as possible. Regardless of building size or steam/hot water pressure, we will ensure minimal downtime for your facility. We look forward to helping you with all your boiler room needs.

OUR SERVICES

- 24 Hour Emergency Service
- Scheduled Shut Downs
- Off-Site Steam & Hot Water Outages
- Heat Source for New Construction

BOILER UNITS

Wilkinson mobile boiler units are designed to meet a variety of needs with the least inconvenience to you. Each mobile boiler room has completely self-contained units with all essential elements for operation:

- *Its own operation area-* The entire plant operates from the trailer. No other building is required.
- *A protected work area-* Equipment and operators are fully protected from the elements.
- *Attractive design-* Units are designed to blend into their environment.

CONFIGURATIONS

Wilkinson Mobile Boilers, Inc. provides a wide range of state-of-the-art, totally self-contained high- and low-pressure steam boilers – from 50 HP to 800 HP firetube boilers and from 25,000 PPH to 120,000 PPH water tube boilers. Wilkinson also offers a fleet of domestic hot water trailers.

All trailers feature the high efficiency Autoflame Combustion Management System that ensures customer fuel savings as well as minimal carbon emissions. Each unit meets or exceeds all local and federal environmental control and safety requirements.
