Self-Leveling CROSS-LINE Laser Levels

High-Performance Alignment and Layout Tools

The Klein Tools Self-Leveling Cross-Line Laser Level is a high-performance laser leveling and alignment tool for professionals. These levels provide a reliable pendulum self-leveling system, clear, bright laser level lines and model 93LCLS offers a 90 degree vertical plumb spot. Equipped with an integrated magnetic mount and an additional versatile ceiling clip mount, Klein's cross-line levels enable a multitude of alignment and layout applications.

Self-leveling, easy-to-read horizontal & vertical laser lines

- Projects horizontal and vertical lines independently or together for various alignments
- Plumb spot lasers to pinpoint overhead locations (model 93LCLS only)
- Integrated magnetic 360° mounting bracket with 1/4" and 5/8" tripod mounting threads
- Additional mounting clamp attachment for use on ceiling grid applications
- IP54: water and dust resistant
- Includes hard plastic carrying case to 8" (10 – 20 cm) for numerous length choices
