Metalux RTC Recessed LED Center Basket

The RTC lensed troffer series provides performance, reliability and flexibility with a housing optimized for shallow plenums. Developed with Eaton's latest generation of solid-state components and electronic driver technologies, these center illuminated troffers provide numerous options for color, lumens, controls and sensing. Designed to be compatible with popular ceiling systems, the RTC troffers are ideal for both new construction and remodel/replacement of fluorescent troffers in commercial office spaces, schools, healthcare facilities, and retail merchandising areas.

- Low profile perfect for renovation or new construction
- Contractor friendly, quick and easy install
- No maintenance required
- Center basket appeal, prismatic troffer value
- Buy with confidence - proven Metalux quality

Durable Construction

- Uniform body, strong cold rolled steel
- Impact-resistant polycarbonate lens
- Fast install with easy wiring access and plug-in wire connectors
- T-grid clips included
- Standard access plate with trade-size knockouts and large wiring compartment

Architectural Appeal

- Advanced optical control with linear prisms for uniform light distribution
- Matte white post-fabrication painted from corner to corner
- Selective binning to ensure color consistency
- 83 CRI with 3500K and 4000K
