LED High Bay Linear **ECO Series**

Product Description

The Eco High Bay Series is a cost-effective and quality solution for lighting warehouses, distribution centers, manufacturing facilities, big box retailers, and other industrial applications. A dimmable and compact product made of galvanized steel housing and white electrostatic powder coat finish, it delivers a high lumen output to replace both 4 or 6 lamp T5HO fluorescent highbay or 400W HID highbay fixtures. Cable, pendant and surface mounting options enable the highbay to be customized to meet virtually any lighting requirement.

Features

- Dimmable product
- Operating temperature -20°C to 50°C (-4°F to 122°F)
- Suitable for Damp locations
- L70 lumen maintenance of 50,000 hours
- Translucent lens standard to minimize glare
- V hook and chain mount standard, included additional mounting options available
- Field installable battery backup unit
- 5 year limited warranty
- Remote control required for commissioning of sensor
