## **LED 4" & 6" Residential Retrofit**

### **RRX-L7 Series**

#### **Production Description**

Constructed with a high-efficacy LED array and dimmable driver, the 4-inch and 6-inch Downlight Retrofit features an optical diffuser that produces high lumen transmission and even illumination. The fixtures are suitable for wet locations. The four-inch downlight retrofit is the economical solution for consumers looking to reduce energy costs. These retrofits are offered in a variety of CRI options and lumen packages appropriate for residential applications.

#### **Key Features**

- High lumen transmission and diffusing for even illumination
- Supplied with E26 base adapter
- Five year limited warranty
- Suitable for wet locations

#### **Construction**

- Module construction includes LED, lens, and white trim
- Impact-resistant plastic lens
- Fits recessed cans with torsion springs (6" retrofit) or 'C' shaped brackets (4" retrofit)
