by EATON

Celebrating 50 Years

IHB series

High bay LED luminaires for light industrial areas

Featuring the industry's broadest range of LED luminaires for harsh, hazardous and industrial environments, Eaton's Crouse-Hinds can deliver a lighting solution that performs reliably in even the worst operating conditions. All the while reducing your energy, maintenance and manpower costs.

Reliable high bay solutions.

IHB series LED luminaires are engineered to provide maintenance-free performance while delivering long life and high lumen performance.

Increased efficiency and durability:

- Up to 117 lumens per watt
- Up to 67% energy savings over traditional HID fixtures

Multiple lens options:

- Tempered, clear glass lens standard
- Diffused glass and clear or diffused polycarbonate lens options available

Full portfolio of high bay solutions:

- Complete portfolio replaces 250W-1,500W+ HID and 2-10 lamp T8, T12 and T5HO fluorescent lamps

Superior thermal management:

- Aluminum heat sinks designed to provide long life performance
