

# PROLINE G2

## The next generation modular solution

### Stronger. Faster. Easier

#### The Modular Enclosure Solution

Hoffman's PROLINE G2 modular solution is designed to be stronger, faster and easier. With a hybrid frame, it is designed to remain square under the heavy loads of industrial applications, while being faster to load and easier to assemble.

PROLINE G2 features an innovative modular design which offers the following benefits:

- Better Interior Access  
Removable doors, tops, sides and bases.
- More Mounting Options  
Multiple subpanels, rack mounting, swing-out panels or racks, grid system mounting.
- Designed to Join/Bay  
Join enclosures without field modification. Easier to move and ship large systems.
- Custom Solutions from Standard Components  
Hundreds of components and accessories that can be used to create unique plug and play solutions.

#### Applications

- Industrial automation controls (PLC, VFD)
- Process controls (DCS, SCADA, Safety Systems)
- Networking in industrial environments
- Electrical panels
- Equipment protection
- Power distribution
- HMI controls
