

## ABB

### Safety Products

ABB offers an extensive range of innovative products and solutions for machine safety systems.

#### Experience

We have great experience of practical application of safety requirements and standards from both authorities and production. We are represented in standardization organizations for machine safety and we work daily with the practical application of safety requirements in combination with production requirements.

#### Systems

We deliver everything from a single safety solution to complete safety systems for single machines or entire production lines.

#### Products

We offer a complete range of safety products, designed to make your machine safety system easy to build. We develop these innovative products continuously, in cooperation with our customers.
