All in one Solution Witness the power of AHD⁴

ANALOGUE HIGH DEFINITION CAMERAS

Don't be tied down to a single platform. With the Concept Pro AHD⁴ All-in-One analogue cameras, you are in control. The updated AHD⁴ ARC and redesigned AIR range are now compatible with all major high-definition analogue CCTV platforms including AHD, TVI and CVI - as well as working on traditional analogue systems - allowing you to use the same great camera on any analogue recording devices available on the market.
