imagePRESS Server G200
For the imagePRESS C850/C750/C650/C65 Series Digital Presses

Choose a versatile solution for your business needs

Driven by Fiery® technology, the imagePRESS Server G200 for the imagePRESS C850/C750/C650/C65 Series digital presses makes it easy to print accurate color, be more productive and reduce costs.

More productive

- Produce large, graphic-rich, complex Microsoft®, PowerPoint® and Adobe® PDF files quickly and cost effectively.

- Create personalized documents with free, easy-to-use variable data printing capabilities.

- Easily produce jobs with mixed sizes and paper types, chapters or booklet finishing.

- Meet tight turnaround times and do more work by automating time-consuming manual tasks using Fiery server presets, Virtual Printers or Hot Folders.

Worry-free colour

- Deliver the best out-of-the-box color quality with Fiery color management technology.

- Accurately match corporate, logo, brand and custom colors with Fiery Spot-On™.

- Adjust brightness, contrast, sharpness, highlights, shadows, color balance, skin tones and red-eye without modifying the design file.

Cost effective

- Decrease errors and waste by creating virtual printers with the correct print options.

- Control costs by limiting access to certain features to a specific group of users or with locked settings such as double-sided printing.

- Lower costs by 85% and reduce paper usage by printing in booklet form.

Mobile printing

- Automatically discover Fiery Driven™ printers with Wi-Fi enabled Apple iOS devices without any additional software.

- Allow other mobile device users and guests to print by simply sending emails or uploading files to the EFI PrintMe Cloud Service.

Simple, secure implementation

- Supports a wide range of corporate network environments with data and network security protection that conforms to corporate security policies.

- Has the ability to set general authentication, filter IP addresses and disable network ports and services.

imagePRESS Server G200

Fiery driven® engines

- Canon imagePRESS C850/C750/C650/C65 Digital Presses

Hardware and platform

- Intel® Pentium® G4400 Processor, 3.3 GHz, Dual Core
- 4GB RAM
- 500GB HDD
- USB Media Server
- Fiery FS300 System Software
- Linux Operating System

Network/connectivity

- TCP/IP
- Bonjour support
- SNMP
- Port 9100
- IPP
- FTP
- SMB point and print
- Email address access and authentication
- IPv6

File format support

- Adobe® PostScript® Levels 1, 2, 3 - Encapsulated PostScript (EPS)
- Microsoft Office document formats: doc, xls, ppt, pub (via Hot Folders)
- Optional file format support: JPEG, DCS 2.0, CT/LW, 1-bit TIFF, TIFF, TIFF/IT, PDF2Go via Fiery Productivity Package

JDF/JMF support

- JDF v1.5 Integrated Digital Printing (IDP) ICS certified
- EFI MIS and Web-to-Print Integration Ready
- Prepress Workflow Integration (Agfa :Apogee, Kodak Prinergy, Heidelberg Prinect)

Adobe interpreter support

- CPSI version 3020

Productivity and workflow

- Fiery Command WorkStation™ 6
- Fiery WebTools™
- Booklet Maker
- Fiery Hot Folders/Virtual Printers
- Fiery drivers for Windows and Mac users
- Direct Mobile Printing
- PrintMe Cloud Printing
- Personalized communication with Fiery FreeForm™

Performance

- Spool-RIP-Print simultaneously
- Fiery SmartRIP

Color management tools

- Fiery ColorWise® color-management technology
- Fiery Calibrator
- Fiery Spot-On™
- Image smoothing

Spot color libraries

- PANTONE approved
- PANTONE+ / PANTONE+ 336 New
- PANTONE GOE guide
- HKS, DIC, Toyo Ink named color

Options

- Fiery Productivity Package
- Fiery Impose*
- Fiery Compose
- Fiery Color Profiler Suite **
- Fiery JobFlow * (requires Fiery Productivity Package)
- Fiery Navigator™ (first 3 subscription seats are free)

Security

- Secure Erase
- Network protection
  - 802.1x support
  - MAC filtering
  - IP filtering
  - Port blocking (filtering)
  - SSL support (IPP/LDAP/HTTP/POP/SMTP)
  - Certificate management
  - Self-signed certification
- LDAP
- Secure printing

Safety

- cTUVus - North America
- UL - North America
- CAN/CSA - North America
- TUV/GS Mark - Europe
- CB Scheme - Europe
- CCC - China
- EAC - Russia

EMC

- FCC - North America
- ICES - Canada
- CE Mark - Europe
- VCCI - Japan
- C-Tick - Australia/New Zealand
- CCC - China
- EAC - Russia

Power supply and consumption

- Auto-switching: 100–240 VAC
- 50/60 Hz, 3 Amps @100 VAC, 1.5 Amps @240 VAC
- Maximum power usage: 150 W
- Typical power usage: 100 W

* Free 30-day trial available
** Free trial in demo mode
