Cabinet Refacing Guide

Design * Plan * Budget

Including Pricing Scenarios On a 10' x 10' Kitchen

THE PURPOSE

The purpose of this booklet is to help educate you on the different options you have when choosing to update your existing cabinets.

It also provides a framework for you to compare to your own kitchen and how these options may affect your decisions.

Important:
As you will see, there are many options and variables available to you. The pricing provided is for planning and budgeting. **We offer free phone/on-line and in-home consultations to help you plan and price your specific kitchen.**

How to Use This Guide

The following kitchen pricing scenarios are based on one simple kitchen layout (see next page.)

The next four sections will instruct you on the different considerations and options in the pricing examples.

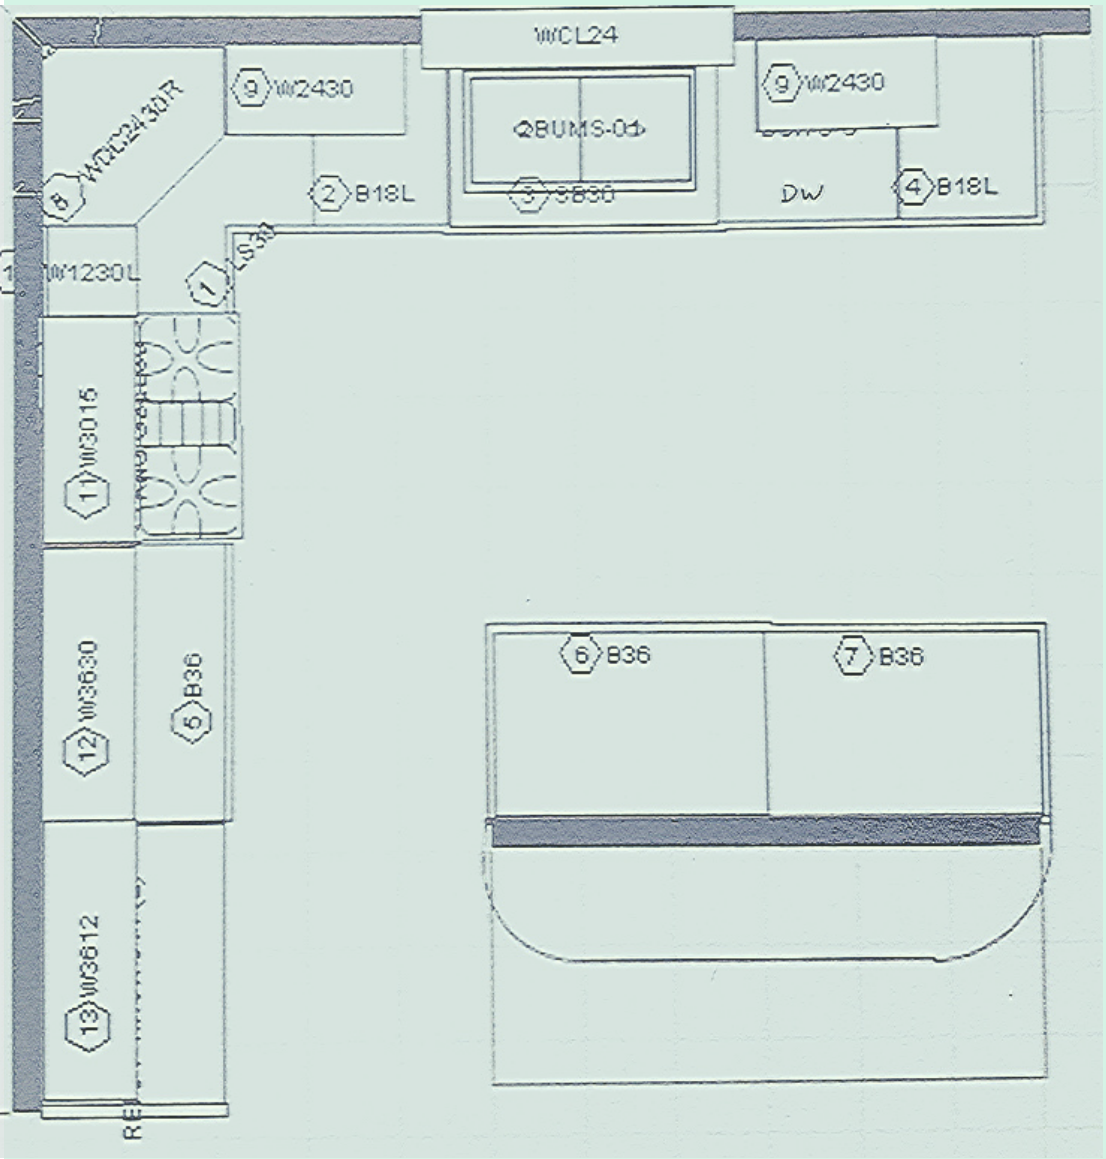

Main Sections:

- The Layout (Example Floor Plan)
- The Door Styles (Design/Construction)
- The Options (Trim Packages)
- The Methods (Installation)

Bonus Section: (At end of guide)

- Pricing Examples for replacement Wood Dovetail Drawers with Soft Close Glides

THE LAYOUT

The layout used in the following pricing examples is a 10x10 "L" shaped kitchen with a 72 inch island (photo to left.)

It includes:

- 10 x 10 "L" Shaped Kitchen
- Standard 30" Wall Cabinets
- 72" Island
- 24 Doors
- 10 Drawer Fronts
- Soft Close Hinges on Doors

THE DOOR STYLES

Door style and the materials they are made of affect the price.

We've broken our pricing down into common door styles and finishes, and also include painting the existing cabinets.

Styles Included:

- Allure and Stratta
- Shaker Painted and Stained
- Traditional Painted and Stained
- Painting Existing Cabinets and Doors

THE OPTIONS

Within each Installation Method and/or Door Options there will be a pricing range from Basic to Full Trim Package.

Basic Pricing* is the minimum update required in that category.

Full Trim Packages* are fully updated, "showcase" kitchens.
In addition to the Basic, they include:

- Crown Molding
- 4 Decorative Cabinet End Panels
- Decorative Island Treatment
- Light Rail Molding

*Door style and trim option selections may vary and affect prices within or without the pricing ranges provided.

THE METHODS

The pricing options are broken down into 4 Installation methods. Not all methods apply to every door option.

Installation Methods Include:

- Redooring (Replace Doors Only - Most Common on White Cabinets)
- Redooring + Hand Paint Cabinet Frames (Painted & Allure Doors Only)
- Cabinet Refacing (Replace Doors and Veneer over Cabinet Frames)
- Partial Cabinet Replacement (Replace All Upper Cabinets with 42" Cabinets & Reface All Lower Floor Cabinets)
- Cabinet Painting (Spray Finish on Existing Doors and Cabinets)

ALLURE AND STRATTA DOORS

- Economical doors made from man-made, engineered products.
- Allure doors are Decorative Laminate Veneer (DLV) in popular styles.
- Stratta doors are Thermo Structured Surface (TSS) in modern styles.
- Durable and easy to clean at a great price point.

CABINET PAINTING

Cabinet Painting is an affordable way to change your kitchen's look and feel.

It is recommended for cabinets that are in very good condition, requiring little repair, and the style is acceptable.

To get more out of a painting job, a Full Trim Package can be added to dramatically improve style of the cabinets.

Other Info:

- Cabinets are Spray Finished On Site
- Trim Packages are Custom Built on Site

PRICING - 10′ X 10′ LAYOUT

Method	Basic	to	Fully Trimmed
Cabinet Painting	$3,600		$5,000

OTHER CONSIDERATIONS

We will discuss the best on-site spraying technique for your home. This may include spraying doors while hanging in place, or removing doors to spray in garage.

Cost Factors also include:

- Condition of cabinets/Prep work required to clean
- Hinge Type and Door Construction
- Wood Species - open grained oak vs. smooth grained maple or cherry.

REPLACEMENT DRAWER BOXES

Solid Birch Dovetailed Drawer Boxes with Full Extension, Soft-Close Glides

- Cabinets can be modified to add drawers, as well.
