About the reports

Capacity Report

Data across different dimensions – airline, alliance, departure/arrival airports, city, country, region, DOW, departure/arrival times, equipment type – and frequency & capacity (date, week, month, season or year).

Top X Report

View top carriers, top departure/arrival airports or top aircraft types based on various metrics (ASKs, ASMs, Seats, Frequency).

Power Table

Create a fully-customised report of schedule data.

Bank Structure Report

Data at a hub airport and 24-hour flow of flights for a given time period.

Changes Report

Compare schedules for two time periods and view new routes, discontinued routes, and/or differences in capacity, equipment and scheduled departure/arrival times.

Key Features
